

## SCHOLARSHIP WINNER FOR 2015 – 2016

### **Optimum Talent Scholarship Winner For the Bachelor of Human Resources Management Degree at York University**

**Lina Neaga**  
Scholarship Winner

Each year, Optimum Talent provides an annual scholarship through an endowment to the university. The recipient is a student of the Bachelor of Human Resources Management program who is in her or his final year, and who has achieved the highest average over the first 3 years of the program. This scholarship is the first one ever offered to students in the BHRM program. Our desire is to help young, aspiring Human Resources professionals who are scholastically high performers

Lina Neaga achieved full scholarship to York University where she will be graduating this year with Honours in Human Resource Management. Aside from her academic excellence, she assumed the role of President in the Human Resources Student Association last year, launching their first ever career mentorship program. She is most proud of her work with the Conference Board of Canada, having consulted to organizations on internship program design, in both Toronto and Ottawa. This coming spring, Lina will be working with immigrant employment agencies where she will continue her research on migration and work in Berlin, Germany. Her goal in the next five years is to receive her MBA from the London School of Economics and achieve her CHRP designation.
